T Wireless website: quick questions

Hi Ali,

We're building the new T Wireless website. We want it to say only what's true about your store, so we need your help with a few facts.

Most questions are one tap. If you're not sure, choose "Not sure" and we'll work it out together. Nothing goes on the website until you've seen it and said yes.

There are three parts. Part 1 (about 10 minutes) is what we need first. Parts 2 and 3 are shorter, and you can stop at the end of any part.

Prepared by EMBLEM-NLP.
